Four Marshall Center executives honored with 2002 Presidential Rank Award by President Bush

by Celeste Atkins

Four key leaders at the Marshall Center have received the Presidential Rank Award – presented annually to a select few federal employees.

Tereasa H. Washington, director of the Marshall Center’s Customer and Employee Relations Directorate, is one of just six NASA employees nationwide chosen for the 2002 Presidential Rank Distinguished Executive Award, the highest honor for a civil servant.

The Marshall Center’s Dr. Jan Davis, director of Flight Projects; John W. Kilpatrick, director of Engineering; and Dennis A. Kross, director of Space Transportation, have been named 2002 Meritorious Executive Award winners. Agency wide, only 32 NASA executives received this award.

The Presidential Rank Awards honor executives who have provided exceptional service to the American people over an extended period of time. These individuals exhibit strong leadership skills, strength, integrity and a commitment to outstanding public service. They are judged on their accomplishments and abilities in the areas of leading people, leading change, achieving

The past is part of the present for Marshall American Indian team members

by Jonathan Baggs

The Trail of Tears is an event that happens every year for Rod Wheeler and Jerry Davis.

Sometimes it may be a wave from a child, or a salute from a veteran, that catches Wheeler’s and Davis’ eyes as they ride their motorcycles past highway bystanders. Simple gestures, small moments that remind the two men what they are doing is worth remembering.

Both Marshall team members are active in marking the trail traveled by more than 17,000 American Indians as they were forcibly moved by the federal government from their homes in the Eastern United States to Oklahoma in 1838. As many as 4,000 deaths occurred — an episode of American history known as the Trail of Tears.

Wheeler, a senior systems engineer for Pace and Waite supporting configuration and data management services in ED43, and Davis, a utility control technician for EG&G supporting AD23, are part Cherokee. Both are working to place historical markers along the part of the trail that
results, business acumen, building coalitions, and fostering communications.

“The honors conferred on these four Marshall Center employ-ees are a source of pride and inspiration to me and the entire Marshall team,” said Art Stephenson, director of the Marshall Center. “Their selection demonstrates that hard work, dedication and achievement by those in public service do not go unrecog-nized, and that is tremendously gratifying to me,” he added.

Washington directs more than 250 civil service and contract employees at the Marshall Center. She is responsible for a wide range of programs, including human resources, employee and organizational development, internal and external communications, government and community relations, media relations, educational programs and technology transfer — the development of space technology for commercial use.

Davis oversees the more than 1,400 civil service and contract workers at the Marshall Center who are responsible for payload and science operations for the International Space Station. In that role, her group manages crew training, flight procedures and time-line planning for Space Station science operations. Davis is also responsible for the Chandra X-ray Observatory Program Office, overseeing operations of the world’s most powerful X-ray telescope.

Kilpatrick, who manages approximately 750 civil service employees, is responsible for comprehensive engineering services for all of Marshall Center’s programs and projects, as well as in-house development of flight systems. He oversees Marshall’s world-class facilities that provide test services and support technology development.

Kross leads 660 civil service and contract employees overseeing development of NASA’s advanced space transportation systems, in-space propulsion and advanced propulsion research. He is responsible for the Space Transportation Directorate’s fundamental and applied research, technology development, design engineering and test and evaluation.

The Presidential Rank Awards go to a select group of government executives in the Senior Executive Service — a corps of leaders who serve as a vital link between presidential appointees and the rest of the federal workforce. Agency heads from across the government nominate potential recipients, and boards of private citizens evaluate them. The president approves the recognition for those who have demonstrated sustained, high levels of accomplishment. The Distinguished Executive award may be presented to 1 percent of the approximately 6,100 career members of the Senior Executive Service. The Meritorious Executive award may be given to 5 percent of the Senior Executive Service members.

The awards were presented at a ceremony in Washington, D.C., on Nov. 20. Each honoree received a silver pin and a framed certificate signed by President George W. Bush.

To learn more about the Presidential Rank Award, visit the Web site at http://www.opm.gov/ses/presrankaward.html.

Marshall getting ready for holiday events

M arshall team members can celebrate the upcoming holidays by taking part in two of the Center’s main events during the season.

The annual tree-lighting ceremony will be at 4:30 p.m. Dec. 3 in front of Bldg. 4200. All Marshall team members are encouraged to attend.

On Dec. 10, from 12:30-3 p.m., the Center’s Holiday Reception will be held in Bldg. 4316.

“This year it’s going to be a holiday park setting featuring ‘the festival of trees,’” said Angela Storey, of the Internal Relations and Communications Department.

White pine trees will be donated to each organization for the event. The trees will be replanted afterward on Center grounds.

The reception will feature food and live music. Employees also are encouraged to bring donations of non-perishable food items for the North Alabama Food Bank, or toys, which will also make them eligible for door prizes. Employees must be present to win door prizes.

Head(s)quarters greeting

James Jennings, left, assistant administrator for Institutions and Asset Management at NASA Headquarters in Washington, D.C., congratulates the Alcorn State University football captain on winning the coin toss at last Saturday’s game with Alabama A&M University. Jennings, was at the game to support “High School Senior/NASA Day” at the event. A&M went on to win the game 27-20.
Marshall’s 2001 Presidential Rank Award recipients honored

Three Marshall executives were recognized this week by Center Director Art Stephenson for being selected 2001 Presidential Meritorious Executive Award winners.

Their certificates were presented during last Monday’s Executive Staff meeting.

Recognized were Jack Bullman, manager of the Avionics Department in the Engineering Directorate; Sheila Cloud, director of the Center Operations Directorate; and George Hopson, manager of the Space Shuttle Main Engine Projects office in the Space Shuttle Projects Office.

The last two men to walk on the Moon, Apollo 17 astronauts Gene Cernan and Harrison Schmitt, will be guests of honor Dec. 11 to mark the 30th anniversary of their mission to the Moon.

The celebration will mark 30 years to the day that Cernan and Schmitt touched down on the lunar surface.

A luncheon hosted by the Huntsville-Madison County Chamber of Commerce will be at noon at the Von Braun Center. Reservations must be made by Dec. 4. Tickets are $15 each, $200 for a table or $500 for a sponsor’s table. For more information, call 535-2031 or visit www.hsvchamber.org.

Marshall Center team members also are invited to attend a presentation by Cernan and Schmitt from 3-4 p.m. in Bldg. 4200, Morris Auditorium. They will take questions from the audience and a new video on Apollo 17 will be shown.

As part of the 30th anniversary celebration, Marshall has a new Web site on the Marshall History Page at http://history.msfc.nasa.gov dedicated to the mission.

“We’ve already posted an Apollo 17 overview and some transcripts and documents,” said Marshall Historian Mike Wright. “Our plans are to post more than 120 Apollo 17 images as well.”

The site also will include several multimedia clips.

A slide show of Apollo 17 images will begin continuous play Friday in the Marshall Heritage Gallery in the Bldg. 4200 lobby.
crosses through Tennessee and North Alabama.

Each year the Trail of Tears is the focus of a motorcycle ride that lures as many as 110,000 bikers who trace the original trail as near as possible on a journey of remembrance. The ride occurs on the third Saturday every September beginning in Chattanooga, Tenn., and ending in Waterloo, Ala. It honors not only the Cherokee who suffered, but the Chickasaw, Choctaw, Creek and Seminole nations as well.

Wheeler and Davis were part of the first ride to commemorate the trail in 1994 – an event that drew only eight participants. In recent years, it is not uncommon for the number of motorcycles to stretch 45 miles in length and, in 2000, an estimated 25,000 motorcycles began the ride and the number grew to 100,000 motorcycles by the time it ended at Waterloo. It is the largest organized motorcycle ride in the South.

Davis said he increasingly became aware of his heritage, and through research, learned that the trail generally followed the route of present-day Highway U.S. 72.

“It was told in my family that my great-grandmother was 8 years old when she was on the Trail of Tears,” Davis said. “A white family adopted her because a lot of the children were dying on the Trail of Tears. Her mama asked this family to keep her child.”

In the National Archives, Davis found a bill that the wagon master, J.C.S. Hood, who was in charge of driving the Indians, used to charge the federal government for his services. A copy of the bill is on display in the lobby of Bldg. 4200.

“It showed the actual campsites,” Davis said. “In late June 1838, the upper Tennessee River had become too low for navigation due to a drought and boats couldn’t get over the Muscle Shoals. Hood was hired by the federal government to transport 1,070 American Indians by foot and wagon from Ross’ Landing in Chattanooga to Waterloo. It was about 230 miles.”

Wheeler said his great-great-grandmother, a full-blooded Cherokee, was married to a white man when the forced removal occurred. “They went back up into the woods and stayed there.”

After talking with Davis, former Marshall employee Bill Cason of Whitwell, Tenn., suggested a motorcycle ride to commemorate the trail.

“When we first started this,” Wheeler said, “perhaps one person in 100 knew what the Trail of Tears was.”

The volunteer group grew into what is now the Alabama-Tennessee Trail of Tears Corridor Association, which is a non-profit group dedicated to marking the trail.

Today, there are four state historic markers along the trail from Chattanooga to Waterloo and more are planned. These are in addition to the more than 100 “trail blazer” signs that mark the historic route.

On Thursday, the Huntsville Flight basketball team will recognize the Alabama-Tennessee Trail of Tears Corridor Association as part of its “Heroes Among Us” celebration at the Von Braun Center. Game time is 7:30 p.m. At halftime, the Association will present a check for $2,000 to the American Indian Museum and a check for $15,000 to the Alabama Indian Affairs Commission for scholarships.

“There is a lot of people who have been wronged in the past so that we all could have a better life today.”

Wheeler agreed: “It’s exactly like the Marshall Values,” he said. “We recognize individual and cultural differences and treat each other with dignity and respect. It’s also like the saying we have in the Association, “Let us learn from this mistake, accept each other as we are, and walk together in peace.”

Today, if you ride along the Trail of Tears route from Chattanooga to Waterloo, there is a symbol that speaks volumes. According to Cherokee legend, the mothers grieved so much that the chiefs prayed for a sign to lift their spirits and give them strength to care for their children. From that day forward, a rose grew wherever a mother’s tear fell. The rose is white, symbolizing the mother’s tears, with a gold center, symbolizing the gold taken from the Cherokee lands with leaves on each stem representing the Cherokee clans that made the journey.

To this day, the Cherokee Rose prospers along the route of the Trail of Tears.

Six Marshall employees responded to the request for petitions to fill two vacancies on the NASA Exchange Council. The candidates are Bennie Jacks, TD03; Vann Jones, PS30; Jose Matienzo, TD03; Gerald Maxwell, FD23; Chris Robinson, CD20; and May Wales, AD62.

This year’s election will be the first for the Exchange conducted electronically. The election begins Thursday and runs through Dec. 5.

Ballots will be sent by e-mail to all civil servants or, employees may go to http://ntf-2.msfc.nasa.gov/exchange.nsf. Ballots are linked by employee badge numbers and UserID numbers to ensure a fair election.

The two candidates with the most votes will win.

American Education Week encourages support of educational community

Marshall Director Art Stephenson has issued a proclamation declaring Nov. 18-23 “American Education Week” at the Center. He encourages all employees to continue to support the educational community in “making public schools great for every child.”

Dr. John T. Gibson, president of Alabama A&M University, was the guest speaker at the American Education Week luncheon last Monday. The Marshall Center’s Customer and Employee Relations Director Tereasa Washington welcomed more than 300 educators. Seventeen teachers were honored at the luncheon -- six who were named Teachers of the Year from Huntsville City, Madison City and Madison County Schools, and 11 Huntsville Times’ Golden Apple Awardees. Buckhorn High School of New Market, Liberty Middle School of Madison and Randolph School of Huntsville were recognized as “Blue Ribbon Schools.”

During the week, teacher workshops are being held at the Marshall Educator Resource Center. Marshall team members also served as moderators for the Madison County Scholars Bowl competition.

Jim Carter, deputy director of Marshall’s Center Operations Directorate, moderates part of the Madison County Scholars Bowl competition at Riverton Middle School as part of American Education Week.
Obituaries

Holcomb, William H., 78, of Woodville, died Nov. 1. Funeral services were held at Scottsboro Funeral Home with the Rev. Wallace Sumner, Elder Gene Thomas and Elder Darrell Chambers officiating. Burial was in Peters Cove Cemetery.

Holcomb retired from the Marshall Center in 1979 as an aerospace engineering technician. He was a World War II veteran of the U.S. Army Air Corps.

He is survived by his wife, Hazel Houk Holcomb; three sons, Larry Wayne Holcomb of Scottsboro, and James Michael Holcomb and Bruce Lyndon Holcomb, both of Woodville; three brothers, Ernest Holcomb of Soddy Daisy, Tenn., Wallace Holcomb of Scottsboro and Jack Holcomb of Rocky Face, Ga.; six grandchildren; and four great-grandchildren.

Meadows, Mahlon Luther, 75, of Athens, died Oct. 26. Funeral services were held at McConnell Memorial Chapel with Willie Earl officiating. Burial was in Isom’s Chapel Cemetery.

Meadows retired from the Marshall Center in 1986 as a research lab mechanic/electrician. He was a member of Boyd’s Chapel United Methodist Church, Athens Masonic Lodge, 1.B.E.W. Local Union 558 and American Legion. He was a U.S. Army veteran of World War II and a former employee of the Tennessee Valley Authority.

He is survived by his wife, Barbara S. Meadows; one son, Thomas M. Meadows of Lester; two daughters, Sarah Meadows Cole of Madison and Lila Meadows Tunstill of Ardmore; one brother, Joe Meadows of Nashville, Tenn.; and eight grandchildren.

Ritch, Ernest Ray, 81, of Huntsville, died Nov. 12. Funeral services were at Laughlin Service Funeral Home followed by a private graveside service at Maple Hill Cemetery.

Ritch retired from the Marshall Center in 1987 as AST, Qual. ASRNC. At the time of his death, he was director of operations for Maple Hill Cemetery. He was a member of First Baptist Church, a U.S. Navy veteran of World War II, a Federal Aviation Administration certified flight instructor and was active in International Toastmasters. An avid runner, he held 42 state records for his age group. He was a graduate of Georgia Tech and did graduate work at the University of Alabama School of Engineering.

He is survived by his wife, Mollie Ritch; two sons, Charles Ray Ritch of Hartselle and Joe H. Ritch of Huntsville; one daughter, Cheryl R. Mercado of Chicago; two sisters, Willadean Walden of Montgomery and Mary Elizabeth Sims of Union Springs; and three grandchildren.

Wilbourn, James N. Jr., 71, of Huntsville, died Nov. 16. Funeral services were held at Valley United Methodist Church with the Rev. Talmadge Clayton and the Rev. Dorothy Scott officiating. Burial was in Maple Hill Cemetery with Spry Funeral Home directing.

Wilbourn retired from the Marshall Center in 1984 as a research lab mechanic. He was a member of the Veterans of Foreign Wars, Fraternal Order of Eagles, American Legion and also was retired from Teledyne Brown. He was a U.S. Navy veteran and member of Valley United Methodist Church. He was the father of the late Capt. James N. “Trey” Wilbourn III, United States Marine Corps.

He is survived by his wife, Joyce M. Wilbourn; one daughter, Sabrina Jo Cate of Clarksville, Tenn.; one brother, Richard L. Wilbourn of Huntsville; and three grandchildren.

Dial 4-4PAY for payroll assistance

Marshall employees can now receive payroll assistance by dialing 4-4PAY. Questions on WebTADS, pay and leave will be answered. Employees also can e-mail questions to payroll_office@msfc.nasa.gov or type “Payroll” in the “To” field of their e-mail application.

Source evaluation class rescheduled

The Source Evaluation Board Training Class has been rescheduled for Jan. 6-9. Participants who have previously enrolled are already on the roster. Anyone interested in taking this course should sign up immediately via AdminSTAR.

Propulsion symposium set for Dec. 10-11

A Propulsion Engineering Research Center symposium on propulsion will be Dec. 10-11 at Penn State University in State College, Pa. Registration must be completed by Dec. 4. For more information, call Dr. Roger D. Woodward at 814-863-6289.

Venture Crew volunteers needed

Marshall’s Education Programs Department is requesting volunteers to work with students who are members of the NASA Marshall Venture Crew. Venture Crew, open to high school students interested in learning about NASA and careers in science and engineering, is sponsored jointly with the Greater Alabama Council of the Boy Scouts of America. Students do hands-on projects with NASA scientists and engineers, tour the Marshall Center and participate in other activities throughout the year. Anyone interested in working with Venture Crew should call Tammy Rowan at 544-8706.

Faculty/undergraduate programs information requests available

The request for task descriptions for the fiscal year 2003 NASA Faculty Fellowship Program and Undergraduate Student Research Program has been sent to Marshall directorates. For more information and a list of contacts, go to “Inside Marshall.”

Shuttle Buddies to meet Monday

The Shuttle Buddies will meet at 9 a.m. Monday at Mullins Restaurant on Andrew Jackson Way in Huntsville. For more information, call Deemer Self at 881-7757.

Lunar Nooners meet Tuesdays

NASA Lunar Nooners meet every Tuesday at 11:30 a.m., Bldg. 4610, Room 1023. For more information, call 544-3887.

Health benefits open season

The Federal Employees Health Benefits program open season is until Dec. 9. For more information, go to “Inside Marshall.”

IAAP meeting Tuesday

The International Association of Administrative Professionals will hold its monthly meeting from noon-1 p.m. Monday at 301 Sparkman Drive, Von Braun Hall, Room M-50, on the University of Alabama in Huntsville campus. Lunch begins at 11:30 a.m. and reservations can be made by e-mailing Paulette Bell at bellp@email.uah.edu. For more information, call Lisa Messer at extension 5-7805.

Story-telling event celebrates American Indian Heritage

Tom Estes will host stories spotlighting American Indian history at 2:15 p.m., Monday in the lobby of Bldg. 4200.

Beginning Java language programming classes available

A beginning Java language programming class is from 8:30 a.m.-4:30 p.m. Friday, Monday and Tuesday, Bldg. 4200, Room G13-A. The course provides an introduction to object-oriented programming with Java. It includes an overview of the language and application program interface and practical training in development of Java applets and application programs. The course covers principles and practical application of Java utility classes, input and output with files and streams, graphical user interface development with the Abstract Window Toolkit and database connectivity. Participants should have a strong background in computer programming languages. Civil servants can register using AdminSTAR. For more information, call Chris Robinson at 544-1422.

MARS Ballroom Christmas dance is Dec. 7

The MARS Ballroom Christmas dance is 6:30 p.m. to 11 p.m. Dec. 7 at the Von Braun Center. Two bands will provide continuous music and a special buffet with turkey and all the trimmings is available. Tickets cost $20 for members and $25 for non-members and should be purchased no later than Dec. 3. To purchase a ticket, or for more information, call 544-3525, 544-5427, 544-3998, 461-0230, 534-7408, 880-2270 or 650-0200.

ASEM meeting is Dec. 4

The Tennessee Valley Chapter of the American Society of Engineering Managers is at 11:30 a.m. Dec. 4 at Papa Lovetti’s in Huntsville. No reservations are required. For more information, call 544-3645.

Federal Express packages due no later than 2:30 p.m.

The deadline for Federal Express packages to be at the mail room in Bldg. 4200 is 2:30 p.m. if you expect your package to go out the same day. This is so that late packages will not disrupt schedules of the Federal Express personnel. Any packages brought in later than 2:30 p.m. will be shipped the following day. There also is a new system called FedEx Manager which requires a recipient’s phone number to be listed on Marshall Form 4182.
